

Call Transfer on Panasonic KX-TGP500/600

Use the instruction below to perform a call transfer on a Panasonic KX-TGP500 or KX-TGP600 wireless model.

In an active call:

1. Press the **XFER/CLR** key.
2. Dial the extension number you want to transfer the call too.
3. Press the **Call** Softkey (middle softkey)
4. The original call is placed on hold and you are connected with the dialed extension. When the other party is ready to accept the original caller press the **XFER/CLR**.
